Junior Cycle Information for Parents of Primary Students

The Department of Education and Skills wishes to inform the authorities of Primary schools that, in the context of Junior Cycle reform, a leaflet has been prepared for information.

The new Junior Cycle will place the student at the centre of the learning process. It allows for new ways of learning and a broader range of skills to be properly assessed. This leaflet aims to inform parents of primary school students who are nearing the completion of their primary education about the key changes underway.

Please bring this leaflet to the attention of the board of management, principal and teaching staff of your school. Please also provide a copy of this circular to the appropriate parents' representatives.
